

ABDULAZEEZ KOLAWOLE

Frontend Software Developer | Web Optimization

Lagos State, Nigeria · +234 9075004018 · kolawoleabdulazeez5@gmail.com · [Portfolio](#)

Professional Summary

Results-driven Frontend Engineer specializing in React, TypeScript, and Next.js with expertise in building scalable, high-performance web applications. Highly skilled in optimizing application performance, implementing secure authentication systems, and integrating complex APIs with MySQL databases. Thrives in Agile environments with a passion for continuous improvement to deliver production-ready solutions that exceed user expectations.

Technical Skills

HTML, CSS, Javascript, typescript, React JS, NextJS, Tailwind CSS, Bootstrap CSS, Cypress/JEST, GIT,

Professional Experience

Optimus Bank Nigeria

Executive Trainee – Software Development | April 2024 – Present | Lagos, Nigeria

- ❖ Played a key role in developing and maintaining a highly efficient and secure Corporate Internet Banking platform with an Administration portal, processing \$2M+ in daily transactions for 500+ corporate clients with 99.9% uptime.
- ❖ Designed and deployed Optimus Tech Aid, a service-management ticketing platform that streamlined internal operations and improved response time by 40%. Enhanced Retail Internet Banking platform by implementing critical features including bill payment functionality, improving customer experience and transaction volume
- ❖ Develop Optiserv, a menu, reservation, and order management system tailored to support food and beverage establishments in overseeing their operations via a web and mobile platform.
- ❖ Collaborated with cross-functional teams of 8+ developers in Agile sprints to deliver features on schedule with 95% first-time acceptance rate

Optimus Bank Nigeria

Graduate Trainee – Technology School | January 2024 – March 2024 | Lagos, Nigeria

Completed intensive 12-week software development program covering full-stack technologies including React, React Native, Node.js, NestJS, C#, ASP.NET Web API, and database management

Capstone Project: Designed and built a branchless mobile banking application using Expo and NestJS

- ❖ Implemented secure user authentication and account creation with JWT tokens
- ❖ Developed multi-language support (English, Yoruba, Hausa) for enhanced accessibility
- ❖ Integrated real-time transaction posting, bill payments, and account management features
- ❖ Achieved 98% test coverage using Jest and conducted user acceptance testing
- ❖ Collaborated with 5-member team using Git for version control and Agile methodologies for project management

Kodecamp Training

- ❖ Collaborated with 4-member development team to build **Dizpoze**, a waste management web application connecting 200+ users with recycling services
- ❖ Participated in daily standups, sprint planning, and retrospectives in Agile environment

Education

Bachelor of Science in Biochemistry | First Class Honors
Federal University of Agriculture, Abeokuta | 2019 – 2023
